### Trail Descriptions

**Chalet Loop (2 k; easier; 20-30 min)** Fairly flat with some uphill sections. There are four shorter loop trails to add distance. Trail starts behind chalet.

**Pine Forest (4k; more difficult; 60-80 min)** One long gradual hill in the first half; 100 m elevation gain. Shortcut reduces length by half. Trail starts in front of chalet and begins along the left side of Squirrel ski trail.

**Panorama Ridge (8k; more difficult; 2 - 2 1/2 hrs)** A number of short uphill & downhills lead to summit (100 m elevation gain). There are 2 shortcuts that shorten the length by 1/2 and 1/4. Also, 3 short loop trails. Trail starts in front of chalet and begins along the right side of Telemark ski trail.

**Jack Creek (10k; most difficult; 2 1/2 - 3 hrs)** Except for a short, steep hill near the beginning, the first part of the trail is either flat or downhill. From the bottom (beside Jack Creek), there is a significant 200 m elevation gain to the summit. Two side trails reduce the overall length. Trail starts in front of the chalet along the right side of Telemark ski trail. **NOTE: A SECTION OF THIS TRAIL IS CLOSED. SEE THE MAP.**

**Crystal Mountain (13k; most difficult; 3-4 hours)** Obtain map from office.
