

## SKI LESSONS

### OBJECTIVES:

The Telemar Nordic Club encourages recreational skiers to upgrade their skills. To that effect it offers group and individual lessons by qualified instructors.

### POLICY:

1. Telemar Nordic will engage qualified ski instructors to provide ski lessons to recreational skiers on behalf of the Club. These lessons can be group or individual lessons.
2. Instructors wishing to provide these lessons on behalf of Telemar must be qualified CANSI instructors.
3. Instructors will receive a free season pass for the Telemar Nordic Club.
4. Cross country skiers wishing to participate in these ski lessons must contact the Telemar Nordic office and must be members of the Telemar Nordic Club or must purchase a day pass at the time of the ski lesson. Office personnel will arrange lesson times with the instructor.
5. Lesson fees will be established between the instructor and the Telemar General Manager. The instructor agrees to pay 10% of the lesson fee to the Club.
6. In addition to this any recreational cross country skier may engage an instructor of his own choosing to provide private lessons.
7. Instructors for private lessons must be members of the Telemar Nordic Club and must agree to pay 10% of the lesson fee to the Club.
